### **SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS**

All statements contained in the exhibits incorporated by reference herein, as well as oral statements that may be made by Telkom and Vodacom or by officers, directors or employees acting on their behalf, that are not statements of historical facts, constitute or are based on forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995, specifically Section 27A of the U.S. Securities Act of 1933, as amended, and Section 21E of the U.S. Securities Exchange Act of 1934, as amended. Such forward looking statements involve a number of known and unknown risks, uncertainties and other factors that could cause Telkom's and Vodacom's actual results and outcomes to be materially different from historical results or from any future results expressed or implied by such forward-looking statements. Among the factors that could cause Telkom's and Vodacom's actual results and outcomes to differ materially from their expectations are those risks identified in Item 3. "Key Information-Risk Factors" contained in Telkom's most recent annual report on Form 20-F filed with the U.S. Securities and Exchange Commission ("SEC") and Telkom's other filings and submissions with the SEC, which are available on Telkom's website at [www.Telkom.co.za/ir](http://www.Telkom.co.za/ir), including, but not limited to, increased competition in the South African fixed-line and mobile communications markets; developments in the regulatory environment; continued mobile growth and reductions in Vodacom's and Telkom's net interconnect margins; Vodacom's and Telkom's ability to expand their operations and make investments in other African countries and the general economic, political, social and legal conditions in South Africa and in other countries where Vodacom and Telkom invest; Telkom's ability to attract and retain key personnel; Telkom's inability to appoint a majority of Vodacom's directors and the consensus approval rights at Vodacom, which may limit Telkom's flexibility and ability to implement its preferred strategies; Vodacom's continued payment of dividends or distributions to Telkom; Telkom's ability to improve and maintain its management information and other systems; Telkom's negative working capital; changes and delays in the implementation of new technologies; Telkom's ability to reduce theft, vandalism, network and payphone fraud and lost revenue to non-licensed operators; Telkom's ability to improve its internal control over financial reporting; health risks related to mobile handsets, base stations and associated equipment; Telkom's control by the Government of the Republic of South Africa; the outcome of regulatory, legal and arbitration proceedings, including tariff approvals, and the outcome of Telkom's hearing before the Competition Commission related to the VANs litigation, its proceedings with Telcordia Technologies Incorporated and others; Telkom's ability to negotiate favorable terms, rates and conditions for the provision of interconnection services; Telkom's ability to implement and recover the substantial capital and operational costs associated with carrier pre-selection, number portability and monitoring and interception; Telkom's ability to comply with the South African Public Finance Management Act and South African Public Audit Act and the impact of the South African Municipal Property Rates Act; fluctuations in the value of the Rand; the impact of unemployment, poverty, crime and HIV infection, labor laws and exchange control restrictions in South Africa; and other matters not yet known to Telkom or Vodacom or not currently considered material by them.

You should not place undue reliance on these forward-looking statements. All written and oral forward-looking statements attributable to Telkom and Vodacom, or persons acting on their behalf, are qualified in their entirety by these cautionary statements.
